**BOSTON, MA:** The Photographic Resource Center is proud to announce the *2006 PRC Student Exhibition*. Photography has always flourished in New England's educational institutions, making this area celebrated within photohistory. As a tribute to regional talent today, the student show honors academic diversity and thus features work juried by the schools themselves. For this year's exhibition, close 100 works by the next generation of photographers will be highlighted.

Below are 15 schools that are currently Institutional Plus Members of the PRC. These students use the PRC as an extension of the classroom—visiting exhibitions, attending lectures, and using our library—and now their work hangs on our walls. The PRC was founded on this sense of community and we continue to honor it here.
